

Lillington Nursery and Primary School

Head Teacher to Home – 23rd September
What has happened in school this week?

Welcome to our weekly newsletter.

This week has seen the children settle further into their new classes. Although we have had a short week there has been so much learning happening across the school and on Thursday, I got to spend some time with some of the Year 6 children playing a very interesting maths game.

Take a look through the newsletter to see what all the classes have been up to.

Have a lovely weekend!

Head Teacher to Home – 23rd September What has happened in school this week?

This week Nursery had a visit from The Guitar Man! We enjoyed singing along to nursery rhymes and learning new songs!

Reception have had another fantastic week. They have painted, drawn, played in the sand and water, built structures and worked on their fine motor skills with water beads and tweezers. They managed to sit beautifully through the whole celebration assembly too!

In Science Darwin class have been exploring everyday materials. We started our unit with a materials hunt around the outside area where the children were able to identify lots of different materials. This week we have explored natural and human-made materials. The children worked together to sort and match human-made materials to their natural material.

In Peake Class this week, we have been looking at flexible partitioning. The children worked hard to use tens and ones to represent numbers in different ways.

This week, Drew practiced their food preparation skills by cutting various fruits. They made sure to double check their food safety (particularly keeping their fingers out of the way)!

Year 4 had fun this week making timelines linked to the topic Invasion!

Pankhurst have been working really hard in maths this week, getting to grips with the place value of numbers up to 1,000,000 and applying their new knowledge to a variety of reasoning and problem solving questions.

This week, Angelou collaborated with King class in a heated exchange of competitive spirits. The two classes battled against each other in a desperate attempt to become victorious in our hugely popular game - 'Dice of Doom!' The game combines a

range of mathematical skills, including arithmetic, estimating, percentages, fractions, probability and trial and improvement.

Sadly, Mr Pouton, Mrs Newman, Mr Fortune, Mrs Radcliffe and even Mrs Wallace all attempted to claim victory over the Year 6s but, in the end, inevitably failed.

Some children from King Class were lucky to attend the APF Exhibition at Ragley Hall this week. The exhibition is the UK's largest forestry, woodland, arboriculture, fencing and biomass show. During the day, the children saw chain-saw carving, tree climbing, the world champion spindle maker, the World Pole Climbing Championships and loads of bits of machinery linked to forestry and arboriculture.

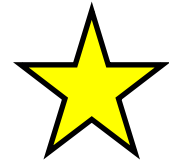

Here are some photos of the activities.

Evening**

Wednesday
28th
September

18:00 - 20:30

Head Teacher
talks at
18:15 & 19:00

**You are invited to our Main School Open Evening
on Wednesday 28th September.**

We welcome prospective Year 7 students to come and find out all NLS has to offer and how we support all our students to reach their potential.

This is also an opportunity to meet teachers, take part in exciting activities and explore our fantastic facilities.

Our students will be offering tours throughout the evening.
