## Head Teacher to Home - 29 June What has happened in school this week?

Dear Parents and Carers,

We have enjoyed a wonderful end to June - our month for demonstrating the value of honesty.

We welcome home to our Year 6 pupils who have experienced a fabulous week at Boreatton Park and well done to our Year 6 pupils who remained in school and enjoyed many different activities!

Next week takes us into the final weeks of the academic year and what a busy few weeks we have in store. Sport days will be announced shortly and of course you are welcome to join us to cheer the children on, further information will follow soon.

Have a wonderful start to the month of July this weekend and we look forward to welcoming pupils back on Monday 3 July.

Best wishes,

Lillington Nursery and Primary School

**Lillington Community Centre are hosting their L.O.L event on Sunday. Please see their notice on page 18 of tis newsletter.**

# Lillington Nursery and Primary School

## Head Teacher to Home - 29 June IMPORTANT NOTICES

Please remember to label your child's belongings. Reuniting lost property with the right child is then possible.

Please read the WHIZZ notice with your children. The weekly notices contain lots of helpful tips and advice.

Whizz to [page 13.](#)

## Head Teacher to Home - 29 June What has happened in Nursery this week?

Nursery managed to fill up the house point bucket this week which meant the ice cream shop was open with real ice cream to eat! We paid Mrs McSweeney 1 house point each for some ice cream with sauce and toppings!

# Lillington Nursery and Primary School

Head Teacher to Home - 29 June  
What has happened in Bevan this week?

Reception have had fun at the beach this week!

# Lillington Nursery and Primary School

Head Teacher to Home - 29 June  
What has happened in Darwin this week?

Darwin started their  
new science topic-  
'plant parts'. They  
hunted the local  
grounds to find and  
identify wild plants.

## Head Teacher to Home - 29 June

### What has happened in Hopper this week?

Hopper have spent 4 weeks looking at suspense tales. We have been editing and redrafting our work ready to publish.

Suddenly, Elliott heard a creaky noise. It was an old, dusty, ~~white~~ white skeleton. It was looking at him, he dumped the skeleton back on the floor. He ran as fast as a cheetah to his car. Elliott drove as fast as he could to his house. Then in the garage, Elliott heard a strange sound coming from the tree Elliott went outside to see the skeleton. As he drew closer, closer and closer. What happened next?

In a blink of an eye, Elliott moved the tree and found the skeleton. The skeleton was looking at him. Elliott ran as fast as he could. The skeleton grabbed him. What happened next?

in use a variety of tools  
hbellish and add detail using my understanding of suspense rates.

## Head Teacher to Home - 29 June What has happened at Boreatton Park this week?

Looks like a fantastic experience has been enjoyed by our teaching team! Photographs will be uploaded to Facebook as soon as possible there has been little access to Wi-Fi.

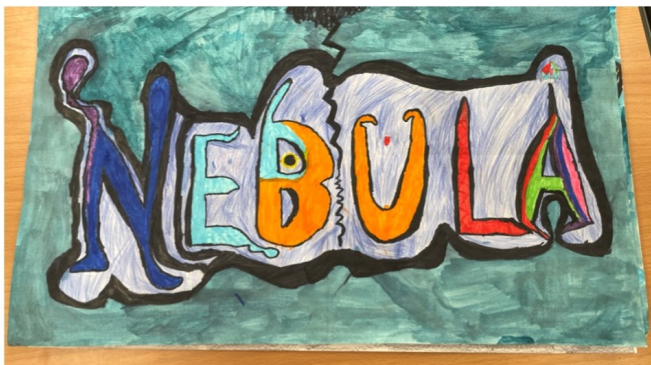

# Lillington Nursery and Primary School

Head Teacher to Home - 29 June  
What have our Year 6 learners enjoyed  
this week in school ?

Some Year 6 children have been working with Mrs Gore and Mr Neve on an exciting spaced themed graffiti art project. What a tremendously creative and talented team they are!

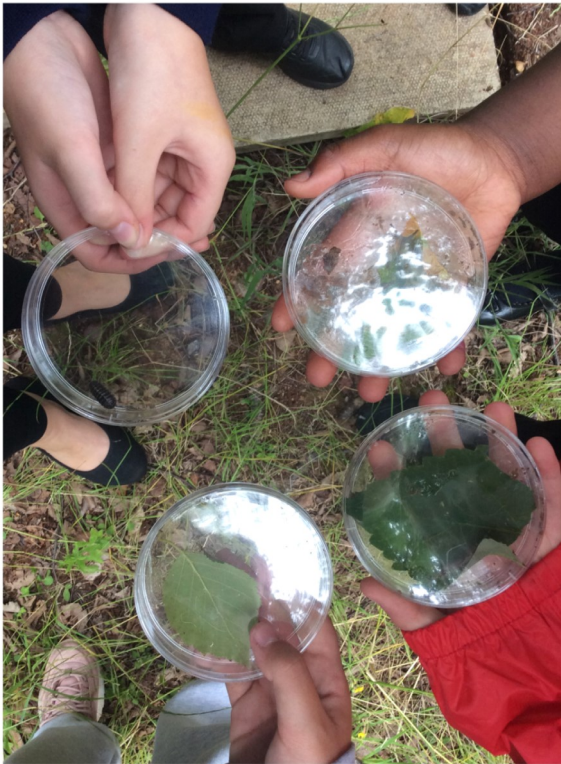

# Lillington Nursery and Primary School

## Head Teacher to Home - 29 June What has happened in Forest School this week?

Week four of forest school. We have enjoyed investigating the habitats of insects.

# What Parents & Carers Need to Know about

**PETS**

# AMINO

AGE RESTRICTION  
**12+**

## WHAT ARE THE RISKS?

### MODERATION GAPS

Amino has a 12+ classification in the App Store and a 'Teen' rating on Google Play. However, certain communities on the platform have little to no moderation in place – increasing the potential for more adult-themed content to reach young users. It's also possible to create an account without proof of age, raising the possibility of even younger children finding their way onto the platform.

### UNSAFE CONTENT

The central concept behind Amino is for users to share content, then make and receive comments on these uploads. The level of anonymity that the platform offers (someone's true identity can be completely obscured behind their username, for instance) means that it would be extremely difficult to stop suggestive or outright predatory comments and messages being sent to young people.

### INAPPROPRIATE IMAGES

Like most social media, Amino offers easy sharing of images. Its community guidelines state that any suggestive photos of under-18s will be removed immediately, but of course this doesn't prevent inappropriate pictures being seen by a young person. Not all of Amino's communities are rigorously moderated, so there's a chance that some unsuitable images could temporarily evade detection.

Amino is a social media platform offering a large group of subcommunities under one digital 'roof'; it was envisaged as the online version of a convention, where fans gather to celebrate a shared interest like comic books or sci-fi, for example. While many such platforms are harmless spaces for devotees of a certain TV show or video game to congregate, there are still some aspects that trusted adults should be aware of. With a focus on sharing user-generated content, the idea of Amino is for users to communicate with like-minded individuals – but even that can create plenty of hazards.

**COMICS & COSPLAY**

### MEMBERSHIP COSTS

Amino+ is a premium membership for the platform, offering a bevy of customisation options such as stickers, 'moods' to display and an exclusive profile badge. Users can also purchase one-off cosmetic items including different styles of chat bubble or profile frames. If your child has payment methods available via their device, they could potentially make these in-app purchases without you realising.

### REPEATED USAGE

As a social media app, Amino is focused on keeping its communities engaged and coming back for more. Part of this approach is encouraging people to build up 'streaks', as users are awarded 'reputation points' for logging in regularly. This type of mechanism, of course, always carries the risk of young people feeling a compulsion to repeatedly check in with the app, further increasing their screen time.

## Advice for Parents & Carers

### TALK ABOUT IT

If your child is old enough and chooses to download and use Amino, it's probably wise to remind them of some online safety basics – such as how not everyone in the digital world is who they claim to be, for example, or not to give out personal information online. It might also be a good idea to go into the app's settings and disable incoming chat requests from users that your child doesn't know.

### STAY UPDATED

Ensure that your child knows to report any upsetting or worrying online content they might see to you. As much as possible, try to stay aware of which communities they're joining on Amino. Most of these areas are well moderated and full of innocent conversation about common interests, but on any platform of this breadth, there's always the potential for chats to veer off into potentially harmful places.

### MEMBERSHIP MEDIATION

If your child asks for an Amino+ membership but you're not entirely comfortable with that, be prepared to explain your decision in depth. Young people's sense of injustice can naturally become inflamed when their friends have things that they don't. Parents of older teens, meanwhile, might actually decide to agree to the membership request but continue to monitor their child's activity on the app.

### MONITOR SCREEN TIME

If you haven't already, you might want to consider setting up controls such as Family Sharing (on iOS devices) or Family Link (on Android) so, from your own device, you can keep an eye on how much screen time your child is having – and what apps they're spending it on. This can be extremely useful with regard to platforms such as Amino, which can be quite addictive and reward repeated use.

## Meet Our Expert

Uoyd Coombes is Editor in Chief of gaming and esports site GGRecon and has worked in the gaming media for around four years. A regular visitor to the App Store to try out new tools, he's also a parent who understands the value of online safety. Writing mainly about tech and fitness, his articles have been published on influential sites including IGN and TechRadar.
